

St. Clement's Catholic Primary School, Ewell

Relationship and Sex Education (RSE) Policy for Catholic Schools

Date of publication: Autumn 2020
Review Date: Autumn 2020

St. Clement's Catholic Primary School

Policy on Relationship and Sex Education (RSE) for Catholic Schools

St. Clement's Mission Statement:

'Growing Together in Love and Learning'

Growing in God's love.
Together we welcome and respect others.
Loving, sharing, celebrating.
Learning to be the best we can be.

This policy has been written in accordance with our school mission statement. At St. Clement's, we learn together, striving to reach our true potential to be the best that we can be, developing knowledge, skills and attitudes to help us to live our lives as God intended in a nurturing and secure environment where mutual trust and respect underpin all that we do.

In this policy the Governors and teachers, in partnership with pupils and their parents, set out their intentions about Relationships and Sex Education (RSE). We set out our rationale for, and approach to relationships and sex education in the school.

Policy Formation and Consultation Process

The following stages should be undertaken when applying this policy document:

- The St. Clement's RSE policy is written in line with model policies disseminated by the Diocese of Arundel and Brighton.
- A working group is then established to ensure the policy includes all statutory information and is tailored to the needs of the children and families of St. Clement's. This will include the Headteacher, the Lead for RE and the EPR/PSHE Lead.
- The new policy should ideally be reviewed with the Parish Priest present.
- The school will present the new policy to parents via parentmail and within Google Classroom. The school will invite feedback and discussions.
- Resources should be made available for review and parents' concerns addressed.

- The working group should provide in-service for teachers, teaching assistants and governors if using any new resources.
- The policy will be reviewed during the autumn term of 2020 so that it is in line with the new DfE guidance and expectation.

Implementation and Review of Policy

Implementation of the policy will take place after consultation with the Governors in the Autumn term 2020. This policy will be reviewed every 2 years by the Headteacher, RE lead, RSE Lead, the Governing Body, Parish Priest and staff.

Dissemination

The draft policy will be made available to on the school’s website to be viewed by all members of the school community. Paper copies of the document will be available to all parents who request one and a copy is available in the school’s Policy Folder. Details of the content of the RSE curriculum will also be published on the school’s website.

Defining Relationship and Sex Education

The DfE guidance states that “children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way”¹. It is about the development of the pupil’s knowledge and understanding of her or him as a sexual being, about what it means to be fully human, called to live in right relationships with self and others and being enabled to make moral decisions in conscience. In primary schools the focus should be on “teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and with adults.”² This would include the topics of families and the people who care for me, caring friendships, respectful relationships, online relationships and being safe.

Statutory Curriculum Requirements

We are legally required to teach those aspects of RSE which are statutory parts of National Curriculum Science. However, the reasons for our inclusion of RSE go further.

^{1,2,3} Relationships Education, Relationships and Sex Education (RSE) and Health Education: Statutory guidance for governing bodies, proprietors, head teachers, principals, senior leadership teams, teachers Page 4,19 and 25

Rationale

‘I HAVE COME THAT YOU MIGHT HAVE LIFE AND HAVE IT TO THE FULL’ (Jn.10.10)

We are involved in relationships and sex education precisely because of our Christian beliefs about God and about the human person. The belief in the unique dignity of the human person made in the image and likeness of God underpins the approach to all education in a Catholic school. Our approach to RSE therefore is rooted in the Catholic Church’s teaching of the human person and presented in a positive framework of Christian ideals.

At the heart of the Christian life is the Trinity; Father, Son and Spirit in communion, united in loving relationship and embracing all people and all creation. As a consequence of the Christian belief that we are made in the image and likeness of God, gender and sexuality are seen as God’s gift, reflect God’s beauty, and share in the divine creativity. RSE, therefore, will be placed firmly within the context of relationship as it is there that sexuality grows and develops.

Following the guidance of the Bishops of England and Wales and as advocated by the DFE (and the Welsh Assembly Government) RSE will be firmly embedded in the PSHE framework as it is concerned with nurturing human wholeness and integral to the physical, spiritual, emotional, moral, social and intellectual development of pupils. It is centred on Christ’s vision of being human as good news and will be positive and prudent, showing the potential for development, while enabling the dangers and risks involved to be understood and appreciated.

All RSE will be in accordance with the Church’s moral teaching. It will emphasise the central importance of marriage and the family whilst acknowledging that all pupils have a fundamental right to have their life respected whatever household they come from. It will also prepare pupils for life in modern Britain.

Values and Virtues

Our programme enshrines Catholic values relating to the importance of stable relationships, marriage and family life. It also promotes those virtues which are essential in responding to the God’s call to love others with a proper respect for their dignity and the dignity of the human body. The following virtues will be explicitly explored and promoted: faithfulness, fruitfulness, chastity, integrity, prudence, mercy and compassion.

Aim of RSE and The Mission Statement

Our Mission Statement commits us to the education of the whole child (spiritual, physical, intellectual, moral, social, cultural, emotional) and we believe that RSE is an integral part of this education. Furthermore, our school aims state that we will endeavour to raise pupils' self-esteem, help them to grow in knowledge and understanding, recognise the value of all persons and develop caring and sensitive attitudes. It is in this context that we commit ourselves:

In partnership with parents, to provide children and young people with a “positive and prudent sexual education” which is compatible with their physical, cognitive, psychological, and spiritual maturity, and rooted in a Catholic vision of education and the human person.

Objectives

Children will learn to:

- Know that they are a unique creation of God and so are able to grow in self-respect developing a positive attitude to themselves, their feelings and their sexuality
- Understand that self-giving love is central to relationships
- Recognise the importance of forgiveness and saying sorry in relationships
- Understand the reasons for self-respect, and why they should act with respect and responsibility in their relationships
- Reflect on their own relationships recognising those qualities that help relationships grow
- Develop knowledge, communication skills and understanding in order to help personal decision-making
- Act responsibly as an individual and as a member of a group
- Identify and have the confidence to talk about their emotions and how to respond to them positively
- Communicate a point of view clearly and appropriately and listen to the views of others
- Take responsibility for oneself and for one's actions
- Come to understand the influence and impact of the media, Internet, peer groups and therefore develop the ability to assess pressures and respond appropriately
- Explore and respond appropriately to prejudice and gender stereotyping
- Think positively about their own body
- Understand, in ways appropriate to their age and developmental needs, the changes that they will undergo in puberty
- Know the correct vocabulary for external body parts, sexual organs and menstruation
- Take care of themselves, their health, safety and personal hygiene
- Keep themselves safe and ask for support when needed
- Become aware of good choices and wrong choices and their consequences
- Manage relationships with friends confidently and effectively

- Develop the ability to form positive, non-exploitative relationships and reject bullying
- Explore and reflect on their own experience of people who are married
- Develop an understanding of the family, an appreciation of the values of family life and the roles and responsibilities of family members
- Develop an understanding of the family as a spiritual community in which members can grow in faith, hope and love
- Understand that the difference between male and female is part of God's loving and creative plan
- Recognise and appreciate the Catholic belief in the importance of marriage for family life and the bringing up of children

Outcomes

Inclusion and Differentiated Learning

We will ensure RSE is sensitive to the different needs of individual pupils in respect to pupils' different abilities, levels of maturity and personal circumstances; for example, their own sexual orientation, faith or culture and is taught in a way that does not subject pupils to discrimination. Lessons will also help children to realise the nature and consequences of discrimination, teasing, bullying and aggressive behaviours (including cyber-bullying), use of prejudice-based language and how to respond and ask for help. (In looking at these questions, it is important to draw links to the school's Inclusion Policy).

Equalities Obligations

The governing body have wider responsibilities under the Equalities Act 2010 and will ensure that our school strives to do the best for all of the pupils, irrespective of disability, educational needs, race, nationality, ethnic or national origin, pregnancy, maternity, sex, gender identity, religion or sexual orientation or whether they are looked-after children.

Broad Content of RSE

Three aspects of RSE - attitudes and values, knowledge and understanding, and personal and social skills will be provided in three inter-related ways: the whole school / ethos dimension; a cross-curricular dimension and a specific relationships and sex curriculum.

Programme / Resources

The content of the Sex and Relationships Education programme including learning outcomes will be based on the Catholic Primary RSE Curriculum document as well as 'Journey in Love' which will explore the 3 themes of '*Created and Loved by God, Created to Love Others and Created to Live in Community.*'

Topics will include:

- Feelings and relationships
- My healthy body
- Lifestyles and culture
- Growing up

Organisation

Relationships and Sex Education will be coordinated by the Headteacher, the RE Lead and EPR/PSHE Lead.

Active learning methods which involve children's full participation will be used. Single sex groups may be used *occasionally* as and when deemed appropriate. The resources used will be made available in the RSE room within Google Classroom.

See Appendix 1 for our complete Catholic Primary RSE Curriculum

Assessment and Recording

A record of each session is kept in each teacher's planning for the delivery of RSE. The programme will be assessed, monitored and evaluated by the RE Lead, EPR/PSHE Lead in accordance with the school's monitoring and evaluation policy. Pupils are given the opportunity for self-evaluation at an age appropriate level.

Useful Resources

- 1) A model Catholic Primary RSE curriculum CES Revised Autumn 2019
- 2) A Journey in Love: Volume 1 Primary Volume 2 Secondary Sr Jude Groden McCrimmons publishing

Parents And Carers

We recognise that parents (and other carers who stand in their place) are the primary educators of their children. As a Catholic school, we provide the principal means by which the Church assists parents and carers in educating their children. Therefore the

school will support parents and carers by providing material to be shared with their children at home and workshops to help parents/carers to find out more. Parents/carers will be informed by Parentmail when the more sensitive aspects of RSE will be covered in order that they can be prepared to talk and answer questions about their children's learning.

Parents must be consulted before this policy is ratified by the Governors. They will be consulted at every stage of the development of the RSE programme, as well as during the process of monitoring, review and evaluation. They will be able to view the resources used by the school in the RSE programme. Our aim is that, at the end of the consultation process, every parent and carer will have full confidence in the school's RSE programme to meet their child's needs.

Parents continue to have ***the right to withdraw*** their children from Sex Education except in those elements which are required by the National Curriculum Science orders. Should parents wish to withdraw their children they are asked to notify the school by contacting the Headteacher. The school will provide support by providing material for parents to help the children with their learning.

We believe that the controlled environment of the classroom is the safest place for this curriculum to be followed. Please refer to the DfE guidance Page 17 for further details on the right to be excused from sex education (commonly referred to as the right to withdraw).

Balanced Curriculum

Whilst promoting Catholic values and virtues and teaching in accordance with Church teaching, we will ensure that pupils are offered a balanced programme by providing an RSE programme that offers a range of viewpoints on issues.

Pupils will also receive clear scientific information as well as covering the aspects of the law pertaining to RSE. Knowing about facts and enabling young people to explore differing viewpoints is not the same as promoting behaviour and is not incompatible with our school's promotion of Catholic teaching. We will ensure that pupils have access to the learning they need to stay safe, healthy and understand their rights as individuals.

Responsibility for Teaching the Programme

Responsibility for the specific relationships and sex education programme lies with the RE Lead, EPR/PSHE Lead and Science Lead.

However, all staff will be involved in developing the attitudes and values aspect of the RSE programme. They will be role models for pupils of good, healthy, wholesome

relationships as between staff, other adults and pupils. They will also be contributing to the development of pupils' personal and social skills.

External Visitors

Our school will often call upon help and guidance from outside agencies and health specialists to deliver aspects of RSE. Such visits will always complement the current programme and never substitute or replace teacher led sessions. It is important that any external visitor is clear about their role and responsibility whilst they are in school delivering a session. Any visitor must adhere to our Code of Practice developed in line with CES guidance 'Checklist for External Speakers to Schools.

Health professionals should follow the school's policies, minimising the potential for disclosures or inappropriate comments using negotiated ground rules and distancing techniques as other teachers would. They will ensure that all teaching is rooted in Catholic principles and practice.

Other Roles and Responsibilities Regarding RSE

Governors

- help draw up the RSE policy, in consultation with parents and teachers;
- ensure that the policy is available to parents;
- ensure that the policy is in accordance with other whole school policies, e.g., SEN, the ethos of the school and our Christian beliefs;
- ensure that parents know of their right to withdraw their children;
- establish a link Governor to share in the monitoring and evaluation of the programme, including resources used;
- ensure that the policy provides proper and adequate coverage of relevant National Curriculum Science topics and the setting of RSE within PSHE.

Headteacher

The Headteacher takes overall delegated responsibility for the implementation of this policy and for liaison with the Governing Body, parents, the Diocesan Schools' Service and the Local Education Authority, also appropriate agencies.

RE Lead/PSHE Lead/Science Lead

The leaders with the Headteacher have a general responsibility for supporting other members of staff in the implementation of this policy and will provide a lead in the dissemination of the information relating to RSE and the provision of in-service training. *(They may be supported by the Headteacher who has responsibility for child protection).*

All Staff

RSE is a whole school issue. All teachers have a responsibility of care; as well as fostering academic progress they should actively contribute to the guardianship and

guidance of the physical, moral and spiritual well-being of their pupils. Teachers will be expected to teach RSE in accordance with the Catholic ethos of the school. Appropriate training will be made available for all staff teaching RSE. All staff have been included in the development of this policy and all staff should be aware of the policy and how it relates to them.

Relationship to other Policies and Curriculum Subjects

This RSE policy is to be delivered as part of the PSHE framework. It includes guidelines about pupil safety and is compatible with the school's other policy documents (for example, Bullying Policy, Safeguarding Policy etc.)

Pupils with particular difficulties whether of a physical or intellectual nature will receive appropriately differentiated support in order to enable them to achieve mature knowledge, understanding and skills. Teaching methods will be adapted to meet the varying needs of this group of pupils.

Learning about RSE in PSHE classes will link to/complement learning in those areas identified in the RSE audit.

Children's Questions

The Governors want to promote a healthy, positive atmosphere in which RSE can take place. They want to ensure that pupils can ask questions freely, be confident that their questions will be answered, and be sure that they will be free from bullying or harassment from other children and young people.

Controversial or Sensitive Issues

There will always be sensitive or controversial issues in the field of RSE. These may be matter of maturity, of personal involvement or experience of children, of disagreement with the official teaching of the Church, of illegal activity or other doubtful, dubious or harmful activity. The governors believe that children are best educated, protected from harm and exploitation by discussing such issues openly within the context of the RSE programme. The use of ground rules, negotiated between teachers and pupils, will help to create a supportive climate for discussion.

(See also Relationships Education, Relationships and Sex Education (RSE) and Health Education, managing difficult questions, Page 23 for more detail)

Some questions may raise issues which it would not be appropriate for teachers to answer during ordinary class time, e.g., where a child or young person's questions hints at abuse, is deliberately tendentious or is of a personal nature.

Supporting Children and Young People who are at risk

Children will also need to feel safe and secure in the environment in which RSE takes place. Effective RSE will provide opportunities for discussion of what is and is not appropriate in relationships. Such discussion may well lead to disclosure of a safeguarding issue. Teachers will need to be aware of the needs of their pupils and not let any fears and worries go unnoticed. Where a teacher suspects that a child or young person is a victim of or is at risk of abuse they are required to follow the school's safeguarding policy and immediately inform the designated senior member of staff responsible.

Confidentiality and Advice

All Governors, all teachers, all support staff, all parents and all pupils must be made aware of this policy, particularly as it relates to issues of advice and confidentiality.

All lessons, especially those in the RSE programme, will have the best interests of pupils at heart, enabling them to grow in knowledge and understanding of relationships and sex, developing appropriate personal and social skills and becoming appreciative of the values and attitudes which underpin the Christian understanding of what it means to be fully human.

Pupils will be encouraged to talk to their parents/carers about the issues which are discussed in the programme. Teachers will always help pupils facing personal difficulties, in line with the school's pastoral care policy. Teachers should explain to pupils that they cannot offer unconditional confidentiality, in matters which are illegal or abusive for instance. Teachers will explain that in such circumstances they would have to inform others, e.g., parents, Headteacher, but that the pupils would always be informed first that such action was going to be taken.

Monitoring and Evaluation

The RSE leader will monitor the provision of the various dimensions of the programme by examining plans, schemes of work and samples of pupils work at regular intervals. The programme will be evaluated every 2 years by means of questionnaires / response sheets / needs assessment given to pupils, and / or by discussion with pupils, staff and parents. The results of the evaluation should be reported to these groups of interested parties and their suggestions sought for improvements. Governors will consider all such evaluations and suggestions before amending the policy. Governors remain ultimately responsible for the policy.
